## QUITE CONSERVATIVE

Has Been the House in Proposing New Legislation.

## WAR ON SECRETARY MORTON.

Plans For the Admission of Oklahoma, Arizona and New Mexico to Statehood Again Make Their Appearance—Wool Schedule, Pensions and Various Other Subjects Up For Consideration.

WASHINGTON, Dec. 7.—The house was in session but half an hour yesterday when it adjourned until Monday. Mr. Baker of New Hampshire who has proclaimed war upon Secretary of Agriculture Morton, because of the latter's refusal to expend an appropriation for the purchase of seeds for distribution among congressional constituents, attempted to put through a resolution calling upon the secretary for information upon the subject, but Mr. McMillan of Tennessee objected. Later, Mr. Walker of Massachusetts, in whose district reside nine-tenths of the naturalized Armenians in this country, asked for the printing in the record of their resolution reciting the outrages committed upon their relatives in Turkey and pledging the support of congress to any steps that might be taken by the executive for their protection, but to this Mr. Turner of Georgia interposed an objection.

### Bills Introduced.

The new congress up to this time has been an unusually conservative one in the matter of new legislation. Fewer bills than usual have been introduced, and most of those were for projects which failed to pass the last congress.

Mr. Washington of Tennessee yesterday introduced the bill for an appropriation of \$100,000 for a government exhibit at the Tennessee centennial exposition to be held in Nashville in 1896. Plans for the admission of Oklahoma, Arizona and New Mexico to statehood again made their appearance, the first being presented by General Wheeler, who was chairman of the committee on territories in the last congress, and the other two by the two new delegates of their respective territories, Messrs. Murphy and Catron.

The first bill introduced by Mr. McClellan of New York, who is one of the younger Democrats and a son of General McClellan, was one to authorize the senate to confirm military nominations made by President Lincoln which have never been acted upon, and the issue of commissions to the nominees stating that they were nominated to the rank conferred by Lincoln.

Representative Miller of Kansas yesterday introduced in the house a resolution calling on the president, if in his judgment not incompatible with public interests, for all information received by the government in regard to the arrest and trial of ex-consul John L. Waller.

General Grosvenor of Ohio offered a bill to make the new Chattanooga and Chickamauga battlefields park in Tennessee a national field for military maneuvers by troops of the United States army and the militia. The bill authorizes the secretary of war to assemble there every year and to prescribe the rules under which the park may be used.

Representative Walker of Massachusetts offered, with some amendment his banking bill of the last congress.

By Mr. Linton of Michigan, a bill prepared at the postoffice department to reclassify and prescribe the salaries of railway postal clerks.

By Mr. Hicks of Pennsylvania for the relief of persons who served 90 days or more in the various construction camps attached to the army or railroad operated by the military authorities during the war; also, a bill granting medals to those who responded to and enlisted under President Lincoln's first call for troops.

By Mr. Overstreet of Indiana to authorize the suspension of pensions obtained by fraud.

By Mr. Melick of Nebraska to prohibit the sale of intoxicating drinks to Indians framed to meet the decision of Judge Bollinger of Oregon, as to the sale of liquor to Indians who have become citizens of the United States.

By Representative Wheeler of Alabama to increase the pensions of soldiers of the Florida war; also providing an additional United States district judge for Alabama.

By Representative Harris of Ohio levying a duty on wool as follows:

Wools and hair of the first class, 11 cents per pound; second class, 12 cents per pound; third class and on camels' hair of the third class the value thereof shall be 13 cents or less per pound including charges, the duty is to be 32 per cent ad valorem. On wools of the third class and on camels' hair of the third class the value of which exceeds 13 cents per pound the duty is to be 50 per cent ad valorem. Wools on the skin are to pay the same rate as other wools.

Representative Earham, California, to amend the act incorporating the Maritime Canal company of Nicaragua.

One feature of the bill authorizes the issuance of bonds not exceeding \$150,000,000 with interest at 3 per cent to secure the means to construct and complete the canal. All sums expended for materials and supplies necessary to the construction are to be purchased in the United States, except such as may be grown or produced in Nicaragua or Costa Rica, and no Asiatic labor is to be employed.

By Mr. Flynn of Oklahoma, providing for free homesteads on the public lands in Oklahoma; also for the opening

of Indian Territory under the homestead laws.

By Mr. Morse of Massachusetts, to repeal the interstate commerce law.

By Mr. Bowers of California, prohibiting the appointment of aliens to office under the government.

By Representative Southard of Ohio, to purchase, enclose and improve the sites of certain forts, battlefields and graves of American soldiers, sailors and marines in the Maumee valley, etc.

By Delegate Flynn of Oklahoma, a resolution calling on the secretary of the interior for information why the Wichita Indian lands in Oklahoma have not been allotted.

By Representative Hainer of Nebraska, amending the act for the inspection of live cattle, etc., by giving the secretary of agriculture authority to have all carcasses condemned as unfit for food under the act of March 3, 1891, so disposed of as shall effectually prevent their use as human food; also a bill granting pensions to soldiers and sailors confined in Confederate prisons.

### Two Warships Aground.

WASHINGTON, Dec. 7.—Two of our warships in Chinese waters have been aground recently, according to official reports to the navy department. The Machias grounded in the Wu-Sung river on Oct. 1, and the Concord touched bottom just below Hangkow two days later. In neither case was the ship damaged in any respect but the groundings are cited by the commanding officers as showing the unreliability of the maps of Chinese rivers, as the ships were in what was represented to be the main channel.

### Speaker's New Gavel.

WASHINGTON, Dec. 7.—Representative Towne of Minnesota presented Speaker Reed with a gavel ornamented with silver. The gavel is the gift of one of Mr. Towne's constituents, E. P. Nelson of Duluth. It is of oak, made from the timbers of the sunken schooner Algonquin, the first vessel to pass through the Sault Ste. Marie and reach the head of the great lakes.

### WANT THE CONVENTION.

Chicago and St. Louis Are Neck and Neck in the Race For It.

CHICAGO, Dec. 7.—Chicago has raised up to this time \$50,000 as an offer for the Republican national convention. This amount will be guaranteed by a committee which leaves for Washington this afternoon and will present Chicago's advantages before the national committee next Tuesday. The committee consists of J. Irving Pearce, chairman; Samuel Allerton, Mayor Swift, T. N. Jamieson, W. D. Boyce and Thomas C. MacMillan. It is more than likely the amount of \$50,000 will be pressed up to \$60,000, or even \$75,000, as the intimation comes over a hot wire from the capital that the national committee is not averse to the idea of one admission ticket for each \$50 subscribed.

### St. Louis Means Business.

ST. LOUIS, Dec. 7.—The Business Men's league, up to yesterday, had raised \$55,000 in cash or guaranteed pledges toward fund for securing Republican national convention for St. Louis. Plans were submitted for projected alterations in the exposition building, so as to furnish a hall with 15,000 seats.

### MOTIVE NO MYSTERY.

The Galt House Suicide Accounted For. Township Treasurer's Story.

WEST UNION, O., Dec. 7.—An investigation of the accounts of A. L. Robbins as treasurer of Winchester township and who recently committed suicide at the Galt House, Cincinnati, shows the late treasurer to have been short nearly \$4,000 and furnishing a satisfactory clew to his motive for taking his own life. He was also defeated for sheriff of Adams county on the Republican ticket at the late election.

### SUICIDED IN THE PALACE.

A German Who Was Denied Audience With Peru's President.

NEW YORK, Dec. 7.—A special to The Herald from Callao, Peru, says: Herman Jansen, a German, committed suicide in the lobby of the president's palace. He called to see the president, but was refused admission. Jansen is said to have lost his fortune by supporting Pierola's cause and it is supposed his call was in reference to his misfortune.

### Hundred Men Made Idle.

FRANKLIN, O., Dec. 7.—Just before midnight a deed of assignment was filed in the probate court of the Alpha Paper and Bag company to J. M. Dachtler. The company was organized about a year ago and has never been financially strong. On account of two judgments against the company the assignment was made. The concern had a bonded indebtedness of \$50,000. The assets and liabilities are not fully known. This is quite a blow to our little city, as about 100 workmen will be thrown out of employment.

### Seth J. Thomas Dead.

BOSTON, Dec. 7.—Hon. Seth J. Thomas died suddenly at his home in this city yesterday, aged 88 years. He had been a member of the bar for almost half a century. Two sons survive him, one of whom resides in St. Louis, and the other in this city.

### Like His "Devil" Dad.

HUNTINGTON, W. Va., Dec. 7.—Near Williamson, Toy Hatfield, the 14-year-old son of "Devil Anse" Hatfield of Hatfield-McCoy fame, Thursday night fired four Winchester balls into Dan Craig, killing him instantly.

## BUSINESS SLUGGISH.

State of Trade as Reported by Dun's Agency.

## IRON AND PRODUCTS LOWER.

Rarely Has the Opening of a Session of Congress Affected Business So Little. Wheat Has Advanced a Cent While Cotton Remains Weak—Failures For the Week in the United States and Canada.

NEW YORK, Dec. 7.—R. G. Dun & Company's weekly review of trade says:

Business is still sluggish, as if gorged by excessive indulgence of the appetite for buying when prices were advancing. In nearly every branch stocks, not yet distributed to customers, stand in the way of new orders and competition of a producing force largely exceeding the present demand puts down prices, that decline retarding purchases yet more. After the holidays men look for a larger demand. For the present the springs of new business are running low, but enough is doing on old orders to keep most of the works employed in part and a good proportion fully. Financial influences have not hindered and rarely has the opening of a session of congress affected business so little.

Wheat has advanced about 1 cent for the week, though western receipts have been 7,014,911 bushels, against 3,727,788 last year, and Atlantic exports, flour included, again exceed last year's 2,326,093, against 1,887,737 bushels. The best western estimates of the crop have been raised again.

Corn moves from farms less freely than a year ago, the low prices hindering, but exports were 1,293,774 bushels, against 178,818 last year.

Cotton has been weak again, declining a quarter for the week and the January option 27 points. The quantity which has come into sight, 85 per cent less than last year to date, does not yet indicate a yield 30 or 37 per cent smaller, as many predict, though the recent movement is very slow. Northern spinners have taken about a third less than last year.

Wool has been slightly strengthened by the London sales, but the average of quotations by Coates Brothers is only a tenth of 1 per cent higher. Sales continue large, 6,463,100 pounds for the week, of which 60 per cent was foreign. Manufacturers have much machinery idle at present, and orders thus far are not encouraging. Dress goods are in less demand and Atlantic all-wool J. cashmeres, were reduced 10 per cent.

Iron and its products are lower, anthracite No. 1 at \$13; plates at 1.5 and bar 1.3 cents and Bessemer pig \$12 at valley mills, with billets \$16.50. The average of all quotations is 8 1/2 per cent below the highest point in September, but actual sales are frequently made below quotations. Proposed combination of lake ore producers has not yet been affected and with the fall in the price of iron is less probable. There is more pressure to sell southern pig here, and some large transactions have been made by concessions, while the small demand has broken the barbed wire combination, and the two nail and the two bar associations are now in session to consider their policy. Rails have not changed, while Bessemer pig has declined \$5, and billets \$6 per ton, and a purchase of 10,000 tons for San Francisco from England is noticed, with a considerable importation of wire nails at Boston. Copper is weaker at 14 cents for lake, with narrow demand, and tin a quarter weaker, with the visible supply here and abroad, 29,231 tons, against 22,445 tons a year ago. Anthracite coal is weaker and sold at 3.80 here, against 4.15 according to circular.

Failures in the United States for the week have been 324, against 385 last year, and 52 in Canada, against 40 last year.

### WORKING CATHOLICS.

Clever Syndicate of Sharpers With World-Wide Operations.

NEW YORK, Dec. 7.—Ex-School Commissioner John B. Oelkers of Newark made public yesterday the story of an attempt to swindle him by a clever syndicate of sharpers in Spain. Their operations are said to be world-wide and consist in working upon the sympathies of Catholics in other countries through the medium of mythical priests in Spain.

Mr. Oelkers first heard of the affair last May, when he received a letter from Barcelona, Spain. It purported to come from a distant relative who styled himself "Jol n Oelkers" and stated that he was a political prisoner in the Barcelona fortress and would never leave the place alive. He feared the Spanish government would confiscate his estate which was valued at \$80,000 and leave his only child, a girl of 14, named Mary, destitute.

### Mortally Wounded by a Footpad.

KANSAS CITY, Dec. 7.—Frank C. Elliott, state organizer for the Populist organization in Missouri, was attacked by a robber last night in the postoffice building in the heart of the city and mortally wounded. The footpad lay in wait in the storm vestibule at the main entrance to the building. The wounded man clung to his watch but was robbed of some \$15 in coin.

### Miners Adjourn.

PITTSBURG, Dec. 7.—The joint convention of coal operators and miners adjourned yesterday, after fixing the machine mining scale, which does not differ materially from the old rate. The arbitration committee of five operators and five miners was appointed.

### LOOKING FOR LEWIS.

Cincinnati Bankers Heavily Caught by the Urbana Forger.

CINCINNATI, Dec. 7.—The mysterious absence of Detective Ralph Crawford has been accounted for. The detective is after Zachariah Lewis, the Urbana (O.) bank wrecker and robber, and was placed on the case by Colonel Deitsch at the request of the local banks. Lewis not only caught all of the Urbana banks, but by means of skillful forgeries and manipulations of bogus papers is said to have victimized the local banks of nearly a quarter of a million dollars. The local bankers did not mention their loss in the general expose that followed, but kept quiet until the first sensation over the affair blew over.

They then held a consultation and decided to get the best detective money could procure to run down the forger. They agreed upon Crawford as the best sleuth in this section of the country, if not the entire United States, and asked Colonel Deitsch to lend them his services. The police commissioners were seen and the consent of the proper authorities obtained.

Crawford was furnished with a large sum of money and given a carte blanche for any amount he might need.

He traced Lewis from Urbana to a remote region in the interior of the state, where the banker-forger was raised and was said to be protected by desperate people who would quickly kill anyone they discovered in search of him.

### FOUND DEAD ON THE STREET.

No Known Reason For the Supposed Suicide of Carl Ringe.

ST. LOUIS, Dec. 7.—Carl Ringe, a member of the firm of Robb & Ringe, agents for the Connecticut Mutual Life Insurance company, shot and mortally wounded himself in the head at 1 o'clock this morning, while standing in front of his residence, 1427 Carr street. He was taken to the city hospital, where the physicians think he can not live. No reason is known for Ringe's action.

The wounded man was found in the street by a police officer, who discovered a new revolver beside him with one chamber discharged. Mrs. Ringe was notified. She says she knew no reason why her husband should commit suicide, as his business was in a prosperous condition and his family relations harmonious. He was never known to carry a revolver and for these reasons it is thought to be a case of murder. A valuable diamond stud, a gold watch and some money belonging to the man were found on his person untouched.

### The Recent Apache Outbreak.

PHOENIX, ARIZ., Dec. 7.—Latest reports from the vicinity of the San Carlos agency indicate that the outbreak of the Apaches is of more importance than was at first supposed. The bodies of four white men were found yesterday in the lower Gila valley, near the reservation line, close to Fort Thomas, which was recently abandoned by the United States troops. This is 46 miles from Ash Springs, where the Merrills were killed, and it must have been done by a different party of Indians, and undoubtedly by a larger band.

### San Augustine Active.

DENVER, Dec. 27.—A special to The News from Santa Fe says: It is reported from Las Cruces that San Augustine peak, 40 miles east of that town, is in a state of eruption. A week ago last Tuesday Dave King and Lige Davis, who were out upon the mountains, heard a distant explosion, a large boulder being thrown to a considerable height, followed by a puff of steam and ashes.

### Merchant and Money Missing.

FREDERICKSBURG, Va., Dec. 7.—This city is greatly excited over the disappearance of Mr. W. S. Honey, one of the prominent merchants of Fredericksburg. He had a large sum of money on his person when last seen and has been missing since Sunday night.

### What Sickness Does.

GEORGETOWN, O., Dec. 7.—A stranger giving his name as Charles Ramsey stopped at Adam Bauer's house near Arnheim, claiming to be sick, and while there stole \$55. He was arrested and brought here to jail. The money was found in his boot.

### A Horse Holocaust.

EAU CLAIRE, Wis., Dec. 7.—Thursday night three large barns on Captain A. M. Sherman's farm were destroyed, and eight head of horses, including Belle Ure, the well known trotter, were burned. Loss, \$20,000; partially insured.

### Defective Revolver.

LEBANON, Ky., Dec. 7.—W. O. Devers, after snapping his revolver twice at T. J. West, a neighbor, yesterday, was killed by the latter. The trouble grew out of a divorce applied for by Mrs. West. Devers formerly lived in Knoxville.

### On Two Charges.

JEFFERSON CITY, Mo., Dec. 7.—Daniel Parce, a farmer, was arrested and placed in jail here on the double charge of strangling his wife to death and committing a criminal assault on an idiotic woman.

### Danes Burned Out.

COPENHAGEN, Dec. 7.—A serious conflagration, which started in the town of Mariestad, is still raging. The town has been almost wiped out of existence. Three-fourths of the inhabitants are homeless.

## WHAT DOES IT MEAN?

Salisbury's Note on the Schomburg Line Has Arrived.

## WILL ENGLAND ARBITRATE?

If Not the Situation Is Indeed Grave.

Prominent Member of the House Says We Can Look For Diplomatic Evasion on the Part of Great Britain as She Has Practiced For Fifty Years.

WASHINGTON, Dec. 7.—Lord Salisbury's reply to Secretary Olney's letter requesting a final and definite statement of Great Britain's purpose concerning Venezuela is in Washington, having been delivered to Sir Julian Pauncefote, the British ambassador, last night. The answer was brought to Washington by Donalson, the special messenger of the embassy, who makes regular trips to New York for the purpose of carrying the official mail to and from Washington. Donalson received the reply from the stewards of the steamship Britannic, on which it arrived, at New York at 9 a. m. yesterday. Donalson immediately left for Washington. The greatest interest centers here as to the nature of the reply which Lord Salisbury has made to the American secretary of state. Ambassador Pauncefote said that Lord Salisbury's letter would be presented to Secretary Olney at once.

### WILL ENGLAND ARBITRATE?

If Not, We Are Extremely Close to a Gigantic War.

WASHINGTON, Dec. 7.—There was a pretty general discussion of Venezuelan affairs among members of the house yesterday. The general opinion among those who will have the conduct of foreign affairs in charge in the house is that Lord Salisbury's reply will be a diplomatic evasion of the main issue; that it will be couched in the most friendly terms and while expressing a willingness to arbitrate as to a portion of the disputed territory will deny the right of the United States to ask Great Britain to arbitrate as to territory, the ownership of which Great Britain claims is hers, being in dispute. In other words, it is believed that Great Britain's reply will temporize with the subject and simply open the way for further correspondence.

"A glance at the correspondence," said a prominent Republican member yesterday, "will show that this has been England's position and policy for 50 years. She will seem to yield something, but she will stake out a line beyond which she will not go in the matter of arbitration. That was Lord Salisbury's policy. It will be Lord Salisbury's. Though Salisbury is imperious by inclination he will be exceedingly cautious. The considerations involved in an open breach with England or anything approaching an open breach are gigantic. Credits would be immediately shaken. The question of the tariff is infinitely of more importance to Great Britain than the ownership of a few gold mines in Venezuela. Above all things depend upon it that England will not by any act of hers aggravate an anti-English feeling in this country or give cause, if the most delicate arts of diplomacy can prevent it, for a war agitation here. England dreads unfavorable tariff legislation. She knows that the first result of a bitter anti-English feeling would be retaliation upon her through a radical revision of the tariff. A tariff induced by hostility to England, growing out of England's encroachments in this hemisphere which had aroused the resentment of the American people, would send 2,000,000 Englishmen to bed without their suppers. Such material considerations England never overlooks. The loss of our commerce stopped the war of 1812."

### CONFESSED THEIR GUILT.

Wholesale Hanging Takes Place in the Palmetto State.

COLUMBIA, S. C., Dec. 7.—Prince Graham, Jason Blake and William Fraser were hanged at Hampton yesterday for the murder of E. R. Mears, committed for the purpose of robbery. On the gallows they persisted in saying that William Blake, Sr., had nothing to do with the crime. He was convicted along with the others, but received a recommendation to mercy, which reduced his sentence to life imprisonment. He was taken from the sheriff and lynched as he was leaving court by a mob which thought him as guilty as the three sentenced to death. Tom Peterson also was hanged for the murder of Dispensary Constable Moseley at Greenwood about six weeks ago.

A negro named Elliott was hanged at Chester yesterday for the murder of a white man named Welch in Lancaster county. All the condemned men confessed their guilt.

### Strike Still On.

NEW YORK, Dec. 7.—No new features in the strike developed last night. The executive committee, with Miss Florence Fairview present, met in Clarendon hall and informally discussed the situation. No progress is being made toward a settlement. There is no question of surrender on the part of the strikers.

### Still Falling.

WASHINGTON, Dec. 7.—The treasury yesterday was advised of the withdrawal of \$2,400,000 in gold for export, leaving the true amount of the gold reserve \$76,666,841.

### MR. J. D. CUSHMAN.

**One of the County's Successful Citizens Dies Suddenly of Heart Disease at His Home Near Dover.**

A telegram brought the sad news to Mrs. A. J. McDougle of the sudden death of her brother, Mr. J. D. Cushman, Thursday evening at his home near Dover, of heart trouble.

Mr. Cushman had been a sufferer for some months from this disease, having had several very serious attacks, yet his sudden death was a shock to all.

Deceased was born near Fern Leaf and spent his life in this county. He was sixty-seven years of age and was well-known as one of the county's most successful and influential citizens. His wife survives him, and he leaves one son, Mr. W. D. Cushman, of Augusta. Mrs. A. J. McDougle is his only surviving sister, but he leaves three brothers, H. B. Cushman, of Flemingsburg, and P. A. and J. O. Cushman, of Hopkinsville.

The funeral occurs this afternoon at 2:30 o'clock at "Fairmount," his country home, after which his remains will be laid to rest in the cemetery at Dover.

Who does not know women and young girls who are continually in tears? Who always see the dark side? Who have frequent fits of melancholy without any apparent cause? The intelligent physician will know that it is some derangement of the complicated and delicate feminine organs. The young girl suffers, bodily and mentally, in silence. There is undue weariness, unexpected pain, unreasonable tears and fits of temper. Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate organism. It is an invigorating tonic and is specific for the peculiar weaknesses, irregularities and painful derangements of woman. Careless, easy-going doctors frequently treat their women patients for biliousness, nervousness, dyspepsia, liver or kidney troubles, when the real sickness is in the organs distinctly feminine, and no help can come till they are made perfectly strong by the use of Dr. Pierce's Favorite Prescription.
